## OBJECTIVE

Motivated and detail-oriented Web Developer with hands-on experience in HTML, CSS, JavaScript, React, and Tailwind CSS. Passionate about building responsive, user-centric websites and web applications. Seeking an opportunity to leverage my technical skills and creativity to contribute to innovative web development projects.

## EDUCATION

**School of Open Learning**  
Bachelor of Commerce (B.Com)  
**Govt Sarvodaya co-ed Vidyalaya**  
Higher Secondary Education

Delhi, India  
**December 2021 – August 2025**  
Delhi, India  
**April 2019 – March 2021**

## SKILLS SUMMARY

- **Languages:** Python, HTML, CSS, JavaScript, Java
- **Frameworks:** Tailwind CSS, React.js (Library)
- **Database:** MongoDB, MySQL
- **Tools & Tech:** Git, Git Hub, VS Code
- **Soft Skills:** Adaptability, Time Management, Problem-Solving Skills, Critical Thinking, Ability to present ideas in user-friendly manner.

## PROJECTS

### Calculator App

August 24 - September 24

- Developed a **responsive calculator app** using **React.js** and **Tailwind CSS**.
- Implemented core **mathematical operations**: addition, subtraction, multiplication, and division.
- Designed a **dynamic theme** toggle feature for dark and light modes, enhancing user experience.
- Optimized UI/UX for mobile and desktop devices ensuring **full responsiveness**.
- Applied modular and reusable React components for efficient code organization.

### Weather App

May 24 - July 24

- Created responsive weather app with React: Led development of a weather app using React, showcasing front-end skills and modern JavaScript.
- Integrated real-time weather data APIs: Successfully integrated APIs for live weather updates, demonstrating proficiency in handling external data sources.
- Optimized UI components: Designed and optimized UI elements with HTML/CSS for intuitive user experience across devices.

### To-Do List

January 24 - March 24

- Developed a robust To-Do application using React, CSS, and HTML, showcasing expertise in front-end web development.
- Designed and implemented a visually appealing user interface with CSS and HTML, enhancing user experience and usability.
- Utilized React to create dynamic features and interactivity, resulting in an efficient and user-friendly task management tool.
